

## A history of service

PENA'S DISPOSAL SERVICE IS A 40-YEAR-OLD SOLID WASTE HAULING AND RECYCLING COMPANY SERVING UNINCORPORATED AREAS OF TULARE AND FRESNO COUNTIES.

We are a family-owned and operated business, providing leadership in the industry and in the communities we serve.

We are proud to be the first hauler in Tulare County to incorporate green trucks into the fleet, the only facility in Tulare County to offer both transfer and recovery at one site and the first to institute a recycling program. We comply with all of the State of California's clean air rules for our industry.

## REDUCE • REUSE • RECYCLE

PENA'S DISPOSAL SERVICE IS A CERTIFIED RECYCLER. WE COLLECT AND PROCESS RECYCLABLE ITEMS AND OUR RECYCLING CENTERS PAY FOR CRV MATERIALS, CARDBOARD, METALS AND OTHER RECYCLABLES.

## Our services at a glance

Pena's Material Recovery Facility is a clean, 62,000-square-foot, state-of-the-art facility. We offer tours of the facility and a meeting room to groups interested in learning about the recycling process.

**We continually enhance and improve our services, which include:**

**CURBSIDE SOLID WASTE.** Pena's provides weekly service to residential and commercial customers. Waste is sorted to retrieve any recyclable material before transport to the landfill.

**WEEKLY CURBSIDE RECYCLING.** Residential and commercial customers use either a split container or a blue recycling bin to encourage recycling. The material is sorted, baled and prepared to market.

**A SORTING LINE AND BALER TO EFFICIENTLY PROCESS MATERIAL.** Solid waste and recyclables are collected and sorted by commodity.

**RECYCLING CENTERS.** Our two recycling centers pay for CRV material, metals, cardboard and other recyclables.

→ 12056 Ave. 408, Cutler  
→ 267 S. Uruapan, Dinuba

**E-WASTE RECYCLING.** Pena's is an approved collector with the California Integrated Waste Management Board. We work with a local recycler with "Cradle to

Grave" bar code tracking, insuring compliance with environmental regulations and customer privacy. We have three drop-off locations, provide pickups and offer special events to encourage proper disposal.

→ City of Dinuba Public Works, 1088 E. Kamm  
→ 12056 Ave. 408, Cutler  
→ 267 S. Uruapan, Dinuba

**GREEN WASTE.** Customers are provided a 96-gallon green container for green material and scrap wood for weekly pickup. Waste is mulched, sorted to remove debris and marketed to a local energy facility. The energy is then sold to PG&E, farms and dairies. The green waste material can also be used for landscaping.

**CONSTRUCTION & DEMOLITION (C&D).** Lumber, cement and asphalt brought in by the public, government agencies or Pena's routes is sorted and recycled. Cement and asphalt are ground for use as decomposed granite. Wood material is mulched and mixed with green waste.

**LARGE-BIN RENTAL.** 20- and 50-yard roll-off bins are available for short-term or long-term rental. Call for details.
